SELECTMEN WANT FOUR LANE BRIDGE

The Selectmen of Wilmington would like to see a four-lane bridge put in place of the old Shawheen Avenue Bridge.

They arrived at a consensus on Tuesday evening, in the Town Hall, in a Special Selectmen's Meeting.

George Boylen, Chairman of the Board of Selectmen, told his fellow members that he wanted to go on record as not knowing if any

money is available, in the so-called Wilmington Bridge Account.

"We can't get anything in writing," Boylen stated.

The Selectmen are scheduled to meet with Rep. Fred F. Cain next Monday, at which time Cain is to show them the account. Mr. Cain is now out of state, and cannot be

Double Taxation?

Burlington and Wilmington Tax Same Land

Over half a hundred Wilmington land owners have received tax bills from the Town of Burlington, in the past few weeks, taxes for land that has been registered in Wilmington for generations.

It's no joke. And they will be receiving, in a few weeks, tax bills from the Town of Wilmington, for the very same land!

Some of them are furious, and some are curious. How can two towns send tax bills for the same land?

Three homes are being doubly taxed, the Ralph Barr home on Forest Street, and the Elmo Perella home and Americo Giliardi home, both on the end of Beech Street.

The Barr home presents some special questions. The land on which it is built has been "Land Courted" - meaning that it has had its title guaranteed by the Land Court of Massachusetts, in a Land Court decree - and that title says that the land is in Wilmington.

Harriet Miller Lombard, of Winchester, of the old Miller family of Wilmington has received a bill for taxes on 8 acres of the old homestead of 22.9 acres, off Marion St. Mrs. Lombard cannot see anything funny in the bill. She, her father, and her grandfather paid taxes on that land, for nearly 100 years, and now the Town of Burlington says she should have been paying the taxes to Burlington.

Her brother Harold, of King St., who owns about thirty acres of land from the old homestead, has had, it is said, 8 acres of land taken for school purposes by the Town of Burlington.

The only advice the Assessors of Wilmington and Burlington can give to the taxpayers is: "Pay the Tax, then Appeal!"

Misplaced Town Line

It has all happened because a discovery has been made that part of the town-line between Burlington and Wilmington is out of position. Town Engineer Arthur Harding of Wilmington says he thinks that the Road Bound, on Burlington Avenue, may be as much as 100 feet out of position, and should be further east.

Back in 1730, when Wilmington was incorporated, the town bounds began at what is now the corner of Wilmington, Woburn and Burlington, a corner that was known as the Figure of Four Tree, from the shape of a tree which was growing there.

A line was drawn from the Figure of Four Tree to a point near

THE RALPH BARR HOME: At the corner of Burlington Avenue is in Wilmington, according to the Massachusetts Land Court, and in Burlington according to the Burlington Assessors. Mr and Mrs Barr are not exactly happy about the situation.

Lubbers Brook, at what is now a meeting point of Burlington, Billerica, and Wilmington, and bounds were put in, on that line, one of them being the Road Bound at Burlington Avenue. Apparently the survey was not accurate, in those days of 1730, as may have been expected.

Burlington recently completed a

mapping program, which shows a discrepancy, and the Assessors of Burlington are taxing accordingly.

The Burlington town line, according to Burlington's officials, takes in part of the yard of Vadala's Market, at the corner of Burlington Avenue and Forest Street.

HE'S TOO YOUNG TO PLAY: But he has the shoes! Pop Warner Football opened its pre-season practice last Thursday, and among those present was the youngster in the striped shirt, Scott Holloway. He was a couple of years too young to play, but he brought along a pair of football shoes, just in case. They seem to be about size twelve!

LOAM FOR SALE JACKSON BROS. 658-9071
\$3 DELIVERED \$2.50 ON YOUR TRUCK 658-8760

Truck Weight: 56 Tons

A GRAVEL TRUCK, weighing, with its load, 56 tons, parked in front of the Wilmington Police Station Tuesday afternoon. Police say this is the truck which caused the collapse of the Shawsheen Avenue bridge.

SLIGHTLY BENT: The Shawsheen Avenue Bridge, a few moments after a 56 ton gravel truck drove over it, Tuesday morning. The train on the other side, #318, A F Dancause, Conductor, had about 25 passengers on board. Dancause can be seen, (in uniform) at right, on his way to the Wilmington Depot, to call Boston & Maine authorities in Boston. At left is Station Agent Tom Connally, with the same idea in mind.

The bridge was lifted up by 5 pm Tuesday, and is now held in place by two huge I - Beams, across the top. It will be weeks before the bridge can be re-opened to traffic of cars and gravel trucks.

State Police, Tuesday morning, stopped a truck going South on Route 93, and brought it back to Wilmington, after a call from the Wilmington police, giving a description of the truck-trailer combination which had driven over the Shawsheen Avenue bridge seconds before it broke, at 10:15 am Tuesday.

The truck was weighed at the Cronin Gravel Pit scales in North Wilmington, and certified to have a total weight of 112,100 pounds.

There is a sign at the bridge approach limiting the load limit to 6 tons (12,000 pounds).

The Wilmington Police say the truck was registered to carry a total load, truck included, of 60,000 pounds, and that it was 52,100 pounds overweight.

The truck which the Wilmington police had weighed belongs to the Fuller Trucking Inc. company of Peabody. The driver was said to be Earl Elliot of Main Street, Cummington, near Pittsfield.

The truck is one of about fifteen which Aldrich Road residents say have been operating on an almost daily basis, taking gravel from a Billerica sand pit, to the new construction on Route 93 in Somerville.

DANGEROUS TOY? Town Sanitarian Ernest Romano displays a rubber toy, an Indian in a canoe, which a Wilmington resident bought in New Hampshire, last week, and which was found to contain termites. It was made in Hong Kong and imported for sale in the US. Wilmington Board of Health officials emphasize that it may be dangerous to the health of individuals to purchase certain foreign made toys.

Wowee! Did we ever have the excitement in the Square this morning. That bridge that Jack from the Railroad built over Shawheen Avenue finally collapsed, as we all have waited for it to do for months, or even years now, and just before the 10:20 train for Boston arrived. The kid, we would judge from the Roma Bakery Truck, saw the thing going and had the presence of mind to run into the Depot and grab Tom Connolly, the traffic agent for the B&M, so that no one, yep I said no one got hurt! Isn't that amazing. I think that kid should have a double medal for not panicking or getting spell-bound and watch it fall with the people under it and on it! Then the B&M really can handle an emergency. They not only had barriers up on the road, but had stopped the Boston train before it got to the Bridge, and then had the next Lowell train exchange passengers with the Boston Train and each go back to its stall, so the business went on as usual with barely a twenty-minute delay! Thank the good Lord that a gravel truck, and not the school bus that collapsed it! Nice going there B&M and Roma!

Big Joe made the big time — He appeared on TV this week — on Channel 56 at 4 pm on Aug 20 for an interview. Big Joe's due in Maine for professional wrestling in a week or so, and hear that he's really making the coastline circuit buzz. (By the way, did somebody get a Toe Hold on you, there Joe, or did you bump into a door?)

Another blooper by this chick this week. Diane Fielding is much embarrassed. She was chatting about wood floors in barns vs concrete floors, commenting that wood was better for the horses' hooves, and we had had a horse slip on some ice on a concrete barn floor, so we thought that's what she was talking about and in the chatter, got mixed up so that it came out all wrong last week, and I guess folks haven't stopped razzing Diane yet...Sorry about that, Diane!

This week at the Congregational Church, Rev Herbert Coontz will preach assisted by Deacon Frank H Tuttle.

Angela Valente is the Ringmaster at another Muscular Dystrophy Carnival. She will be holding this on August 28th at 9 Fairmeadow Road. She is the daughter of Mr and Mrs Rocco Valente. Assisting her will be Brian, Dan Kevin, and Mark Hurley, Brenda Rossi, Paul Serrazza, Annette and Lucia Valente.

The Carnival begins at 1:30 pm and will feature Ring Toss, Baseball, Penny Pitch Bean Bag, Squir Gun, Bubble Gum Contest, and Pie eating contest.

This idea came from Rex Trailer on the boomtown show. Get up there and help these kids out For further information, please call Angela at 658-8281!

Don't forget that date for the Faith at Work Weekend in September 13, 14, and 15 at the Methodist Church. We weren't kidding when we said you should take it in!

We certainly have had the fun with Servicemen this week: Ruth Wood from North Wilmington called and Roland Jr has been in Vietnam for three weeks and his new address is Pfc Roland Wood Jr., 3d Battalion, 1st Marines, M Company, 3d Platoon, FPO San Francisco, Cal 96602. It seems that Roland saw a Carl somebody over there from Wilmington, but he couldn't remember his last name! So, this chick said it might be Carl Marcy from Burlington Ave, so Mrs Wood gave Mrs Marcy a call, I think, and Mrs Marcy said that it wasn't her Carl!

Almost immediately afterwards Mrs Guarino called and Carl has been promoted to NCO in Vietnam. He is the only corporal promoted this month in his outfit and only has 21 days to go! Meanwhile, he wrote that he had seen young Wood, so Mrs Guarino had called Mrs Wood and compared notes, so it worked out all right! (My apologies to you for not recollecting instantly. How could I miss you!)

Billy Rice came in to say hello and was this chick ever glad to see him (Bill has been a Peanut butter sandwich eater in the clan's kitchen since he was knee-high). He has finished his tour at Camp Polk and will be home until September 9th, when he's off to Washington and then from there to Vietnam by September 12th. He hit here in the cool spell and darned near froze to death, he said. That Camp Polk is a great place to train for Vietnam he said. It's so dark you can't see your proverbial hand in front of the face, nor the snakes and rats and stuff in the woods. Also, he says it rains so hard that the water is like a river down your shirt front and back from your helmet, and no ponchos, on 'account of you got to get used to it sometime'. He also said that a whole company got hit by lightning on account of they were carrying their rifles! Good luck, there Bill. May God be with you. Come back for more peanut butter sandwiches, or shall we send them to you!

Last minute from Dave Orndorff in Vietnam: 'Dear Nancy, Hi, hope all is well there back

in the world. All is fine here. I am down to 105 days and its the world for me again.

I want to thank you for supporting us over here and also the millions and millions of people who also do.

'Am enclosing a story that we guys over here got quite a kick out of and believe was well experienced in being one of us. 'Take care and God Bless Everyone! David Orndorff'

Another Muscular Dystrophy Carnival. Kathy Barry will be the Ringmaster. She is the daughter of Mr and Mrs Leo Barry at 8 Chandler Road. The Carnival will be held at 2:00 pm at her house and will feature the Canadian Woodsmen, Penny Pitch, Dart Game, Pot Ball, Marble Shoot, Fortune Telling, and many other things.

Assisting Kathy will be Linda Lunetta, Mary Barry, Cheryl Arzilli, Paula Kavanaugh, Peg Barry, Pammy Clark, and Cheryl Thacker. This will also be held in the Rex Trailer Boomtown Style and will aid them. Call Kathy at 658-4234 for additional information.

Okay, there, Counselor! My sincere apologies. Didn't mean to insinuate that you were 'old'! Last week I called his honor 'erstwhile' thinking I was complimenting him, and after being called on it, looked at Webster, and found out that it meant 'old or former or once was'! Tell you this now there fella — did mean it complimentarily (?) honest and thought we were calling you 'highly respected'! (Guess that's at least one for your side!)

All through life, beginning with travel through the birth canal, the nose is mashed, bumped, squeezed, twisted and broken.

It is a prime target for abuse. Thus it isn't surprising that surgery of the nose is one of the oldest forms of plastic reconstruction.

Restoration of noses was described in Egyptian papyri as early as 3000 BC.

Ancient Hindu surgeons reconstructed noses with skin take from the patient's thigh.

In this age, the nose continues to be the plastic surgeon's paradise. But the nose is not alone. Today most organs of the body can be refurbished with spare part surgery.

And Now - For the Championship!

The Semi-Finals are over, and the two surviving teams in the Wilmington Recreation Soft-Ball League are now having the Finals, in the Town Memorial Park, each evening, starting at 6:15 pm.

The finals started last night and a total of four games are to be

played.

The American Legion team defeated the K of C team Monday, in the semi-finals, and the Rocco's defeated National Polychemicals Tuesday.

It will now be American Legion - or Rocco's!

Final Standings

Am Legion	13 - 1
Rocco's	11 - 3
Nat Poly	9 - 5
K of C	7 - 7
Dia Cry	6 - 8
S of I	5 - 9
WII Ford	5 - 9
Swthrt	0 - 14

THE AMERICAN LEGION TEAM: Front: L to R, Billy Ritchie, Jimmy Melzar, Jimmy Newhouse, Dennis DeMaggio, Dave Newhouse, Bill Gracie and Ralph Newhouse.

Standing: Gerry Riley, Jack Pellerin, Juny Fuller, Hank Stewart, Jim Tigh, Jack Knowlton, Mike Farrell and Jim Murray.

ROCCO'S: Front Row, L to R: Roy Larock, Bob Rankin, Butch McFeeters, Rick Ethler, batboy, Lennie Gustus and Harry Cunningham. Rear Row: John Robbins, Ed Spence, Billy Woods, Capt. Dick Ethler, Joe Beaton, Joe Casey, Dick McKenna, Vinny Carr, Danny Bemis, manager, and Frank Stone.

Blood Donors Needed

The Red Cross Bloodmobile will visit the Tewksbury K of C Hall 2068 Main St on Monday, August 26th from 2-6:45 pm. Blood Donors are needed to help relieve the present shortage. Residents of the area are reminded they must donate at least once a year to receive the benefit of blood coverage for the next 12 months for their families.

Leonard Fleming, who is heading the drive for donors hopes that many members of the K of C Masonic Group, Kiwanis, and Lions will take advantage of this visit.

Persons wishing to replace blood used in an out of town hospital may do so at this visit.

Fleming asks all of these able to donate during the early period of the afternoon to do so, and allow the later hours for those people that work out of town to donate, with the least amount of waiting.

THE SOFTBALL TROPHY: For the regular season, was won by the American Legion team. Juny Fuller and Jack Knowlton are shown receiving the trophy, which was donated by M. J. Pellerin & Sons, from Commissioner Howard Lafaver.

Schools Will Open Sept. 4th

The Wilmington Public Schools will open for the fall term on Wednesday, September fourth, with regular sessions in all schools.

Grade one children, however, will attend only the morning session for the first five days, Sept. 4 through Sept. 10, in order to give them a less strenuous introduction to school, and also to provide an opportunity for parents and teachers to discuss mutual problems growing out of the first few days of school, in the afternoon session.

The High School, and the North and West Intermediate Schools will open at 8 am and close at 2:20 pm.

The elementary schools, grades 1 through 5, and including grade 6 at the Woburn Street School, will open at 9 am and close at 3 pm.

In order to avoid double sessions and overcrowding, in some areas of Wilmington, some children will be assigned to elementary schools other than those in their own districts.

The elementary school principals, during the next two weeks, will be meeting with the parents in the areas affected, to explain the need for the changes, and what will take place when the school year starts.

Bus schedules will be published in the Town Crier, and there will be posters in various stores with the schedules. Buses may run late for a few minutes, for the first few days of school, but should be running according to the schedule by the second week of school.

Regulations for school buses will be the same as for the past three years. Transportation is provided for any child who has to walk over

1 1/2 miles, in the first eight grades, and over 2 miles in grades 9 through 12. Special arrangements are made by the Superintendent of Schools for handicapped children.

Home room assignments will be published in the Town Crier next week. Parents of Elementary School children will be notified by mail of the assignments for their children.

Principals

Miss Mary Brannan will be full-time principal of the Boutwell and Walker Schools, with her office in the Boutwell School.

Mrs Dolores Silva will be the full-time principal of the Glen Road and Rogers Schools, with her office in the Glen Road Schools.

Mrs Kevill and Mrs Daley will continue as teaching principals of the Walker and Rogers Schools.

John Crisafulli is the newly appointed teaching principal of the Buzzell School. He will be teaching grade 3. The Buzzell School, with the Swain, Center and Whitefield Schools, will be under the supervision of Ralph Ambrose.

Miss Dorothy Nylin will continue as full time principal of the Woburn Street School, and Miss Joanne Myers at the Wildwood School.

An Orientation Day for all new teachers will be held on Thursday, August 29th, and a general staff meeting for all school personnel is to be held on September 3rd, for preparation of the opening of schools on Sept. 4th.

Enrollment this year is expected to reach about 4,764, and increase of 121 over last year.

Connors - DeLucia Nuptials

Miss Mary Anne Connors of 16 Nickerson Avenue, daughter of Mr and Mrs Victor Connors became the bride of Richard DeLucia, son of Mr and Mrs Pat DeLucia of Cochrane Street, at a three o'clock wedding at St Thomas Church on June 9th, with Father Parker officiating.

The soloist, Mr Roger Surrence sang the Ave Maria, with Mrs Estelle Shelly accompanying him on the organ.

The maid of honor was Miss Anne Marie Borjarski of Fairview Ave, a friend of the bride, and the maids were Miss Patricia DeLucia sister of the groom and Miss Rosemarie DiGregorio, cousin of the bride.

Michael DeLucia was the best man, a brother of the Groom, and the ushers were Mr James Good-

win, a friend of the groom and Jack Precopio a cousin of the bride.

For the ceremony, the bride wore a gown of chantilly lace with an illusion veil and carried a cascade of white daisies. Her maids had old fashioned bouquets of daisies with wreaths as headpieces to match.

Miss Linda Tebbitts, a friend of the bride was in charge of the guest book at the reception which was held at the Holiday Inn.

The bride chose a tourquois ensemble for her going away outfit with a white daisy corsage. The couple spent their honeymoon in the Poconos.

CAROLYN RUGGERIO
IS ENGAGED

Mr and Mrs John J Ruggerio of 169 Andover Street, North Wilmington, have announced the engagement of their daughter, Carolyn Jane, to Robert A. Reynolds, son of Mr and Mrs Alton Reynolds of 36 Ossipee Road, Somerville.

Carolyn is a graduate of Wilmington High School, and is presently employed with Transiron Electronic Corp in Wakefield as a senior processor.

Robert is a graduate of Somerville High School and is employed with the United Parcel Service of Watertown.

A fall wedding is planned.

New Book by League

of Women Voters

The League of Women Voters has presented a new book 'Choosing a President'.

This handy reference explains just how the President of the United States is nominated and elected. Highly readable, yet carefully documented, it is of interest not only to the average citizen who 'wants to know'. But also to the teachers students clubs churches and community groups of businessmen and public officials.

'Choosing the President' has been given the U S Mission to the United Nations and to all delegations of member nations. It has been sent by the United States Information Agency to their libraries overseas and is being distributed by the Book of the Month as a 'Pro Bono Publico', this July having been chosen for its unusual social and historical im-

portance.

Some of the questions this publication answers, include 'how are delegates to the national convention chosen'; 'how many electoral votes does my state have'; 'what happens if a presidential nominee dies before election day'; and 'if no presidential candidate receives a majority of the electoral college votes, how is the president chosen'. It also discusses items such as qualifications for office through campaign costs and fund raising.

'Choosing the President' may be ordered directly from the League of Women Voters of the United States, 1200 17th Street NW, Washington, DC 20036 or from Mrs Wm MacKinnon, 5 Moore St Wilmington, Tel 658-9776, or Mrs Christian Bachman, 10 Marie Drive, Wilmington, Tel 658-8319 for the cost of one dollar (\$1.00) prepaid.

Selectman Boylen Learns about the New Route 62

George Boylen, Chairman of the Wilmington Board of Selectmen, went to the Planning Board meeting Tuesday evening to discuss briefly some of the Selectmen's thoughts on Wilmington's 701 Planning Program, and ended up staying until after 10 pm to look at and discuss the latest proposals for the new Route 62, through Wilmington.

He had genial and learned company, in the discussion, for in addition to the Planning Board members there were Professor Charles W. Eliot, Planning Consultant, and Eliot's assistant, Duncan Hughes.

Win Brooks and Carl Anderson, civil engineers in the employ of the consulting firm of Howard, Needles, Tammen and Bergendoff of Boston were present with the latest proposals for the new Route 62, which may someday go through Wilmington. Boylen and the others spent a solid hour looking at the two routes proposed.

One of the proposed routes would cross Main Street near the Cain Garage. The other, called the 'northern' route, would cross Main Street near Rocco's Restaurant.

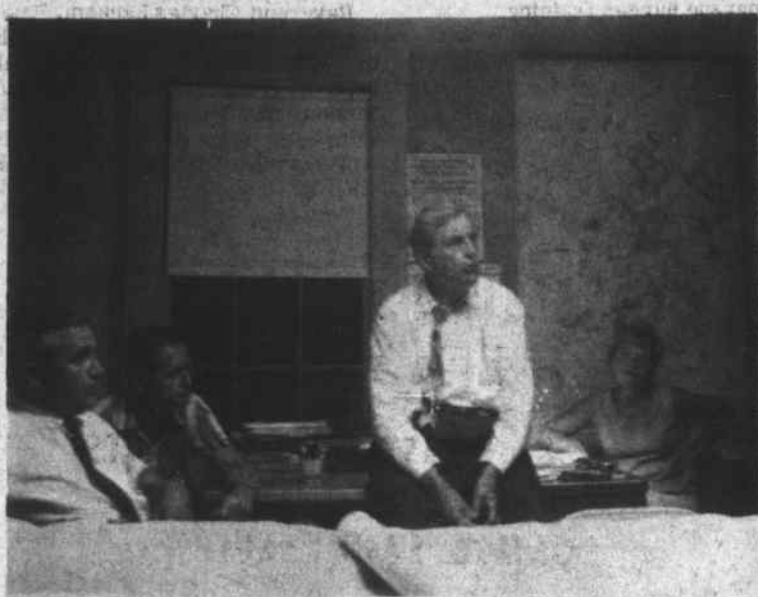

The consulting firm, it was emphasized to Boylen, is merely making recommendations, for the Mass Department of Public Works.

Some time in the future, if the Mass DPW accepts the proposals, there may be a public hearing on what ever route may be chosen.

The planning is for a double-barreled, limited access highway, and for 1990 conditions.

Part of the discussion turned almost into a classroom affair, with Professor Eliot telling of his work and recommendations back as far as 1923.

Mr. Eliot is not in favor of a double-barreled route, Route 62 or any other, between Routes 128 and 495. He believes that those two routes should take the load, and that there should be an area of less density between them. A new Route 62, he said, would be causing too crowded conditions in Wilmington, and Burlington and North Reading.

PROFESSOR ELIOT HOLDS CLASS: To a fascinated audience consisting of Planning Board members, two visiting engineers on the Route 62 Survey, and the chairman of the Board of Selectmen, in Tuesday night's meeting. Mr. Eliot was talking of his experiences and beliefs in the planning of highways.

At far left is the newest member of the Planning Board, Bill Hanlon. In back are George Boylen, chairman of the Board of Selectmen, and Madeline McKie, chairlady of the Planning Board.

Boylen's List

Boylen told the Planning Board that the Selectmen would like to have:

1. A study of the Olson Road proposal, a road to go from Church Street (at the Fire Station) to Middlesex Avenue. The Selectmen, he said, would probably want to present a Warrant Article on such a proposal to the Town Meeting.
2. A study of the traffic problems connected with the ever growing Southern Industrial Park (DeCenso's), and of traffic into Woburn Street and West Street. Should there be a Rotary at the intersection of Woburn Street and Lowell Street? West Street is very narrow - should it be widened?
3. A study of the traffic that will be engendered by the Urban Redevelopment Plan, off Eames St. Will this have an effect on the roads for which the Selectmen have to make plans?
4. A Flood Plain Map of Wilmington.
5. A traffic survey of the area in North Wilmington (Caterino's) near Waltham Street. What should be done to improve traffic flow?

Mr. Boylen finally left at 10:35 pm, after his visit which was going to last only a few minutes.

701 Program

Professor Eliot and the Planning Board had as guests for a discussion of the 701 program three members of the Conservation Commission: Frank Colombo, Christian Bachman, and Earl Zimmerman.

Eliot told the Conservation Commission that a primary responsibility of the Commission was the preparation of an inventory of Natural Resources, as a guide in the development of policies for the selection, conservation, and protection of 'Conservation Areas'.

The Planning Board, he said, is in need of similar information in connection with its work on the Comprehensive General Plan.

In similar work in other towns and cities, Eliot said, it was possible to find a number of people with special knowledge of the geology, botany, ornithology, biology, etc. of the area, and who can help to record the significant natural features of the Town - as, for example:

Geology: Examples of Boulders, Striated Rocks, cross-sections of alluvial deposits, Dykes, or Intrusions, or larger forms such as Eskers, Drumlins, etc.

Botany: Where rare plants can be found - specially fine specimens of common trees, shrubs, or unusual plant groups.

Ornithology: Best places for bird watching (or shooting), if any.

Entomology: The bugs, spiders, etc., of the area, both annoying and harmless, and the General Ecology of the area.

Other Business

A. P. Rounds of Stoneham, the developer of Hathaway Acres, has

the tracks of the Boston and Maine Railroad as far as Eames Street, if other firms can be found to co-operate.

He is willing to talk about a 30 inch sewer main, the board was told.

Harding has now prepared a large photo-montage of the southern part of Wilmington, Woburn Street, West Street, and Eames Street. It is over eight feet high and even a little wider, and is on the wall of the Planning Board office. The purpose is to assist the Planning Board, in their discussions over future roads, and traffic plans for the southern industrial area.

Speaking of Woburn Street traffic, and the necessity to do something to improve traffic flow, Harding suggested that a road be cut in from near Eames Street, which would come out on Lowell Street easterly from Lucci's supermarket.

Such a street, he said, could be sixty feet wide, and as it would go through an area with no homes, it would mean reduced costs for land damages that would have to be paid by the town. At the same time the residents of Woburn Street could be saved from a lot of through-

deposited \$5800 in the Stoneham Savings Bank in lieu of a bond, to guarantee road construction in the third section of Hathaway Acres.

Chairlady Madeline McKie believed that the bank deposit should be in the name of the Town of Wilmington, instead of the name of Mr. Rounds. It was voted to send a memo to the Town Counsel about this.

A plan submitted by Ralph H. Green of Woburn Street, changing the back lot line of one of two lots of land he owns, was signed, under the provisions of Section R of the Sub Division Control Law, even though both frontages for the lots were non-conforming. The board voted that there could be no detrimental effect upon any abutter's land.

A letter was received from a Saugus attorney, Richard Reynolds, suggesting that a client of his would like to purchase the undeveloped portion of Dell Drive from the previous owner.

The Planning Board had already voted to foreclose on the bond of the previous owner. The Saugus attorney wants to have the bond transferred, so that his client can complete the work.

Town Engineer Arthur Harding reported that the water mains in the new Allen Park, of the Jackson Brothers, are now almost complete and that the storm drainage is about 50% complete.

The Jackson Brothers, he said, are 'moving right along'.

Mr. Stevens, former owner of Webtex, on Woburn Street, has about 30 acres of land which he wants to develop into an industrial park, the Town Engineer said. He will be bringing plans to the Planning Board soon.

Stevens, according to Harding, is willing to share a part of the costs of bringing a sewer main up

traffic.

Speaking of Dell Drive, Harding said that he had 'field notes' but had never had the time to make the necessary computation for the completion of engineering work in the area. He doesn't have the time, nor an assistant, to do this.

The 'binder' layer of road is in, he said, but is getting broken and will probably have to be rebuilt, on Dell Drive.

He also has 'field notes' on Olson Road, but again has not had the opportunity to do the engineering work.

The meeting ended with a report by Mrs. McKie of a meeting she had had the previous Friday with Professor Eliot and his assistant, Duncan Hughes.

Burlington Tax

(From Fr. Pg.)

A state photogrammetric survey displayed to the Town of Wilmington Planning Board Tuesday night goes even further, and puts the Burlington-Wilmington Town Line through the building, at Vada's Market. If the map is correct, and it is not guaranteed to be, at this time, the store will be paying taxes on the building to both towns sometime in the future.

Town Manager Sterling Morris ordered the Town Engineer of Wilmington, Arthur Harding, to check the town bounds, as to location, in a memo given to Harding last Jan. 14th.

But then the Town Engineer's appropriation was cut, in Town Meeting, after a Selectman told the Town Meeting that there was too much money there.

Harding told the Town Crier, Tuesday, that he hasn't the money to get the work done.

Selectmen

(From Fr. Pg.)

reached by the Selectmen.

The selectmen agreed that they did not want to see the old bridge repaired and brought up to the condition in which it has been for so many years.

They also agreed that they were not favorably impressed in the new bridge, proposed by Cain, in back of Wilmington Ford, because of the possible land damages that would result.

The Town of Wilmington would have to pay the 'damages' on all the land taken for the bridge, even if the state paid for the entire bridge. Town Manager Sterling Morris told the Selectmen that the Principal Assessor of Wilmington had estimated a minimum cost of land damages at \$230,000.

There was one discussion about replacing the two lane bridge with a four lane one, in which Mrs. Drew told the other Selectmen, who believed that there would be no additional land damages, that they were wrong. The Town, Mrs. Drew declared, would have to take both the Old Canal House, and the home on the other side of Shawsheen Avenue if the bridge were to be widened.

Miceli whole heartedly endorsed the proposal for a four lane bridge at the present site, which was originally proposed by Boylen.

Mrs. Drew and Selectman Banda said that they would, in Banda's words 'Go along for a try' on a four lane bridge.

Town Counsel Alan Altman, who was present at the Selectmen's meetings, made four recommendations to the Selectmen, concerning their course of action with the state Department of Public Works and the Boston & Maine Railroad.
